[Teairra Spoken:]

Yeah, uh huh

Teairra Mari

Allstar

Come On, Come on

Lets Go!

[Verse 1:]

Well let me start out by saying this

And there ain't no game in this

Don't even think you waste my time

I know that I'm not the only one

So don't get it twisted son

No, I don't think that you're all mine

Baby boy what I do know

Is that I'm inexpendable

You'll never find another like me

'cause all the others just fall in line

I come first and they're behind

This is where you need to be

[Hook:]

'cause you think that I'm just whatever (Whatever)

Trust me, it don't get no better

I don't know what you've been told

But I know you won't disagree

[Chorus:]

'cause I'm the franchise

Boy you can't lie

You know that I'll be everything you need (you need)

I'm the M.V.P.

That's why I'm your wifey

Can't another girl on earth see me (See me)

Well I'm the franchise

The one you can't deny

I'm the only one for you indeed (Indeed)

I'm the M.V.P.

The number one wifey

That's why you always running back to me

[Verse 2:]

So don't even try to play me love
Like a silly girl
'cause it ain't going down like that
And yeah I know you got plenty friends and I'm just one
of them
But baby I'm not falling back
I just want you to know that I'm still gonna ride for you
'cause we still have fun
I'm not going anywhere
I'll stay with you, I don't care
That's why you make me number one, yeah

[Hook:]

'cause you think that I'm just whatever (You think)
Trust me, it don't get no better

[Bridge:]

I'm the number one draft pick

You know you gotta have it
My loyalty is everlasting
And baby girl right here's a classic
I'm nothing like your last chick
And losing me would be so tragic
I'm the number one draft pick (I'm the number one,
yeah yeah)
You know you gotta have it
My loyalty is everlasting (Everlasting, yeah yeah yeah
yeah)
And baby girl right here's a classic
I'm nothing like your last chick
And losing me would be so tragic (Woah woahhh)

[Chorus:]

'cause I'm the franchise
Boy you can't lie (Franchise)
You know that I'll be everything you need (Ohhhhh)
I'm the M.V.P.
