"Watching What The Rain Blows In"

All these emotions, filling my mind.
And all of your healers, hurting my kind.
Stay with me darling, watch me begin.
Watching what the rain blows in.
Watching what the rain blows in.

All of the years go, fading away.
Never could change much, anyway.
And you're like a flower, your fading and grey.
I'm watching what the rain blows in.

Seeing my memories cry, they're falling around like
rain.
I just don't think things will be the same
With out your name.
The sky keeps on crying, confusing the lying
I'm seeing her through this haze.

And all these things I've said to you.
I hope you understand they're true.
Try so hard to realise.

All these emotions, filling my mind.
And all of your healers, hurting my kind.
Stay with me darling, watch me begin.
I'm Watching what the rain blows in.
Watching what the rain blows in.

Seeing my memories cry, falling around like rain.
I just don't think things will be the same.
With out your name.
The sky keeps on crying, confusing the lying.
I'm seeing her through this haze.

All these thing I said to you.
I hope you understand there true.
Try so hard to realise.

All of the years go, fading away.
Never could change much, anyway.

And you're like a flower, fading and grey.
I'm watching what the rain blows in.
