[Victoria Duffield]
Headlines, rumors, and lies,
Something's always going round
Cold eyes judging our lives
Like they know what's going down

They want to read us like a frontpage story
Up in our buisness like they papparazzi
They think we're just another tabloid crush
In the end, they don't know about us

[Both]
If they wanna talk, let them talk (Hey!)
If they wanna whisper, then so what? (Hey!)
They don't know about us, they don't know about us
They don't know about a- a-a-a- a- us..
If they wanna hate, let them hate (Hey!)
'Cause it don't matter what they say (Hey!)
They don't know about us, they don't know about us
They don't know about a- a-a-a- a- us..

[Cody Simpson]
No sound, truth cutting out
Like a game of telephone
New found talk of the town
They don't wanna leave us alone

[Victoria Duffield]
Pay no attention to the 'he said, she said'
Yeah you're the only one that's here in my head

[Cody Simpson]
So let them think we're just a tabloid crush
In the end, they don't know about us

[Both]
If they wanna talk, let them talk (Hey!)
If they wanna whisper, then so what? (Hey!)
They don't know about us, they don't know about us
They don't know about a- a-a-a- a- us..
If they wanna hate, let them hate (Hey!)
'Cause it don't matter what they say (Hey!)
They don't know about us, they don't know about us
They don't know about a- a-a-a- a- us..

[Both]

T-T-They don't know about us (hey!), they don't know about us
T-T-They don't know about us (hey!), they don't know about us

[Victoria Duffield]

Let them say what they say
Maybe they call night and day-ay

[Cody Simpson]

Let them waste their time
Rumours ain't never gonna change my mind

[Victoria Duffield]

Cause when you're hold me tight
I know it's worth the fight

[Both]

They don't know the truth
They don't know it like we do

If they wanna talk, let them talk (Hey!)
If they wanna whisper, then so what? (Hey!)
They don't know about us, they don't know about us
They don't know about a- a-a-a- a- us..
If they wanna hate, let them hate (Hey!)
'Cause it don't matter what they say (Hey!)
They don't know about us, they don't know about us
They don't know about a- a-a-a- a- us..

They don't know about us
(They don't know, they don't know, they don't know)
They don't know about us
(They don't know, they don't know, they don't know)
They don't know about us
(They don't know, they don't know, they don't know)
They don't know about us (I like just right here)
(They don't know, they don't know, they don't know)
