### "Pain"

Fade away  
So you don't make a scene  
close your mouth and try keeping it closed forever  
Afraid of what you are  
Afraid of how you  
Learn to close your mouth and try keeping it closed  
forever

If you had the mind to just check out  
Its something better than nothing  
I'm not the type to scream and shout  
(yeah)

Pain  
In pain, I just want to see you with  
rather be lost in a river without you  
Pain, pain, pain.

You made your point  
You don't know what to say  
close your mouth and try keeping it closed forever  
You never come so close  
You never got this far  
You close your mouth and try keeping it closed forever

If you had the mind to just check out  
Its something better than nothing  
I'm not the type to scream and shout  
(yeah)

Pain  
In pain, I just want to see you with  
rather be lost in a river without you  
Pain, pain, pain.

shamed of what you are and what you been  
It must be hard living tired in your shoes  
Shame, shame, shame  
Shame, shame, shame

So cry bad day  
Grey clouds, black haze  
So sure the sun could collapse your ways  
So cry bad day  
(So cry bad day)  
So cry bad day  
(So cry bad day)  
[X2]

Pain  
In pains me just to see you with  
rather be lost in a river without you  
Pain, pain, pain.

shamed of what you are and what you been  
It must be hard living tired in your shoes  
Shame, shame, shame  
Shame, shame, shame

Pain

Keep your mouth closed [x6]
