When the shirt came off, it was all in time
When a M M M minute turned into a mile
And then I broke that grin and I cut it out
And you got all turned on by the taste of your sin

When I mention blue, all you thought was color
When you mention drugs, all I thought was sober
When your pants came off and I turned you over
When you mention blue

Kill, smile, cut it out for me this time
Smile, I haven't seen him smile in a while

Keep the mask aligned, get it up in time
There's a space between valleys and try to catch a vibe
Make a circle square, a rectangle curve
Use a smile as a noun and I think like a verb

Run quick, switch sides
Spill the filled up canister and the room is shaking
Now you're changing places and I switched my pace
And my breathing races when you mention blue

Kill, smile, cut it out for me this time
Smile, haven't seen him smile in a while
Kill, smile, cut it out for me this time
Smile, haven't seen him smile in a while

Kill, smile, cut it out for me
Cut it, cut it out
Smile, kill, cut it out for me
Cut it, cut it out
We cut it out

Kill, smile, cut it out for me this time
Smile, haven't seen him smile in a while
Kill, smile, cut it out for me this time
Smile, haven't seen him smile in a while

We cut it out
Get down and stay awake
Smile
