Look through me because I am a transparent
Her to know me but why even know yourself
I'm beginning to need all that I can't have
I'm succeeding to speak like I'm fucking mad
Looking at the Autumn Shade
You Am I and I Am great
Looking at the Autumn Shade, oh yeah

Look through me because I am a transparent
Her to know me but why even know yourself
I'm beginning to need all that I can't have
I'm succeeding to speak like I'm fucking mad
Looking at the Autumn Shade
You am I and I am great
Looking at the Autumn Shade, oh yeah

Oh.â€¦
