Have you been to the broken bricks girl  
Snuck down through the cyclone fence  
Past the caution tape  
And the security gate  
Back way to the breakroom bench

Well there's a little corner where you first got kissed  
And felt your boyfriends fist and made the company  
list  
And there's a little spot where your dad ate lunch  
And your brother landed his first punch  
yeah,yeah,yeah

Well have you been to the broken bricks girl  
Seen the barrels that they left behind  
Seen the machine that cut aluminium clean  
And got tape from the caution sign

And broke into the window panes

Just a rusty colored rain that drives a man insane  
You try to jump over water but you land in oil  
Climb the ladder up a broken crane yeah,yeah,yeah

Don't go to the broken bricks girl  
It's not a place that you want to be  
Think of the spot your father spent his life  
Demolition calls it Building C  
Demolition calls it Building C now  
Demolition calls it Building C now
