I promised to take her the sun  
And I gave her the night  
And now that the dawn breaks at last she is vanished  
From sigh  
Here's now that I'm finally learned a few things that  
Could bring her the bright.

Nooo...  
It'll never be the same again  
Never be the same  
It'll never be the same again  
Never be the same  
It'll never be the same again  
O' right...

I read her the points I loved when she spent that first  
Night  
And we disgusted everything from my friends to a "put  
Her so tight"  
And now that some time is gone by and I think I can  
Re... The hi...  
Nooo...  
It'll never be the same again  
Never be the same  
It'll never be the same again  
Never be the same  
It'll never be the same again  
O' right...

How many mistakes can you make just getting by?  
And out can the worst worrying emptyer then they  
prayer  
I would try  
What is it they can take love and reduce it into a  
Sigh...

Nooo...  
It'll never be the same again  
Never be the same  
It'll never be the same again  
Never be the same

It'll never be the same again  
O' right...

Nooo...  
It'll never be the same again  
Never be the same  
It'll never be the same again  
Never be the same  
It'll never be the same again  
O' right...
