Faceball junkie makes all the rules to the game again.
Taste's gone, bland doll. Whatever happened to
innocence?
I'll have my pain right now instead.
I can't sleep with all of this hate that lies in bed.
Can't we just
KISS MY FACE. LICK AND SHOVE.
What do you think you know about love?
I'm curious what you think you know about love.
Abel kingdom is waiting for the day that they're going
home.
'Till then come sit, my pet. Candy Cain for sour girls
and sour boys.
All of the games in which we find ourselves have
become so undivine..as are we.
KISS MY FACE. LICK AND SHOVE. YOU ARE MINE. THIS IS
LOVE.
What do you think you know about love?
I'm curious what you think you know about love.
