When I saw you, I knew  
That I was gonna love you  
And every day I thought  
Of how I'm gonna love you

Now you're here next to me  
And ecstasy is a reality  
I feel good when you are near  
I'm alive cause you are here

[CHORUS]  
Working on a groovy thing, baby  
Working on a groovy thing  
Working on a groovy thing, baby  
Let's not rush it  
We'll take it slow

Before I saw you  
I knew my lips were only wasted  
Cause you have got the  
Sweetest kiss I ever tasted

Music moves us along  
Your arms around me  
Are snug and warm  
Happiness is in my soul  
I'm about to lose all control

[Repeat CHORUS]

Now you're here next to me  
And ecstasy is a reality  
I feel good when you are near  
I'm alive cause you are here

And we're working on  
A groovy thing, baby  
Yes, we're working  
On a groovy thing  
Working on a groovy thing, baby  
Let's not rush it

We'll take it slow

Working on a groovy thing, baby

Working on a groovy thing
