You're the living proof I can be changed
Coz'before us love was just a game
But how did you do, I can't explain
you're the one who leave the greatest stain

Wherever you are, I wanna be
I have you under my skin, always did and everytime
that you leave me there
(I) refrain myself not to call

Coz'I don't know much about today
I don't really care for yesterday
All I know is you and me are a pair
You're the first one I don't wanna waste

I can't spend my days thinking of you
Coz I gotta work and gotta eat
You're the one subject I can't forget
Please girl give me a break!

How come we still get along?
coz everytime that you smile at me
I know I met like honey
Coz'I don't know much about today
I don't really care for yesterday
All I know is you and me are a pair
You're the first one I don't wanna waste

I can't move forward
forget a girl like you
that's why I can't let go
I have the feeling
you're my everthing

'Cause I don't know much about today
I don't really care for yesterday
All I know is you and me are a pair
(bis)
chorus:
I don't wanna waste
cause we are a pair
I don't wanna waste
