Brother, I'm scared
You pretend that this is fair
But I've lost a friend
I watched you crash
You hated yourself
While the change I saved disappeared off my shelf
Just like that, you were gone
You were the only friend I needed, but you went away

Where did you go
Brother, you know where I'll be
Why did you go
You're not alone
There's always a way to come back home

I think mom's scared
I know she's not alright
She cries to sleep
I can hear every night
I can't help
Make her smile
You know how hard it is to hear mom cry
Well I do when she cries over you

Every day, I'll be waiting
Every day, I'll be praying
Praying for your call
Praying for us all
Praying for you all along
