[INTRO]

Three years to the day and now the love is lost  
I guess no one knows she's never coming around  
She's never coming around, no, she's never coming  
back  
Oh lord, oh lord, she's never coming  
Oh lord, oh lord, she's never coming

[VERSE]

Three days without you, then a phone call  
You count it but don't think I missed you at all  
And it's your fault  
No time, but just enough to ignore  
I think its funny cause you're sorry and you want me  
back  
It makes me laugh

[CHORUS]

For all the times that you cheated and lied  
I'm sick of it, I'm sick of it  
For all the times that you started a fight  
I'm sick of it, I'm sick of it  
You made me drive way back, back  
Cause things are never gonna change  
Guess what, fed up, your pretty face, it ain't the same  
For all the times its the one thing I always knew  
That I'd get sick of you

[VERSE]

These days, you stay but just to fight me  
I'm in hell, just a shell of a punching bag  
It's such a drag  
Three years, don't say that they were wasted  
It was worth it just to see the dirty look on your face  
While you cursed my name

[CHORUS]

Ohhhhh  
Call it a lesson learned, a lesson learned  
Ohhhhh

You say you're sorry but the more you do, I'm running  
For all the times you've been playing games  
I'm sick of it, I'm sick of it  
For all the times that you said you've changed  
I'm sick of it, I'm sick of it  
[EXTENDED]  
For all the times you went behind my back  
I'm sick of it, I'm sick of it  
For all the times that I took you back  
I'm sick of it, I'm sick of it  
[CHORUS]
