You say I've got sixteen hours  
How do I figure out  
What am I gonna do  
With someone I just can't lose  
I went around sixty days  
I saved all the money I made  
You say it's not enough  
You're sorry for my loss

I've got sixteen hours  
Zero ways, only hope for things to change  
Sixteen hours, I wish you'd wait  
Won't you stay with me  
Just a little longer?  
Won't you stay with me?  
Don't be scared I'm right here  
We can talk about the day we met  
I remember when you said, "We wouldn't have to say  
good bye,  
If we never said, if we never said "hello"

You see I've got one thing left  
She's lying in that bed  
At the bottom of your list  
There must be something that you missed  
You say I've got sixteen hours  
I'll do anything but let her down  
Tell me what she needs  
You can cut it right out of me

I've got sixteen hours  
Zero ways, only hope for things to change  
Sixteen hours, I wish you'd wait  
Stay with me  
Just a little longer?  
Won't you stay with me?  
Don't be scared I'm right here  
We can talk about the day we met  
I remember when you said, "We wouldn't have to say  
good bye,  
If we never said, if we never said "hello"

We've got sixteen hours  
To say everything we need to say

Won't you stay with me  
Just a little longer?  
Won't you stay with me?  
Don't be scared I'm right here with you  
Remembering the day we met  
Is today the day you left  
Would we have the same regrets  
If we never said, if we never said "hello"  
If we never said "hello"
