I got the number but my reputation failed
F%#k me again, pack my shit
Leave this town go to a place where no one
Knows who I am

And Why do I get in this situation
And Why do I leave myself to blame yeaah

Oh no there we go like it never ended
Small town has left me dead
I can't stay for the blame and the broken hearted
With my back against the wall
Oh no here we go like it never ended
Small town has left me dead
I can't stay for the blame and the broken hearted
Small Town Dead!

I like to tell her but to say those words would mean
My cover is blown
What's truth when it doesn't help you
You've got to look after your own

And Why do I get in this situation
And Why do I leave myself to blame yeaah

Oh no there we go like it never ended
Small town has left me dead

I can't stay for the blame and the broken hearted
With my back against the wall
Oh no here we go like it never ended
Small town has left me dead
I can't stay for the blame and the broken hearted
Small Town Dead!

Growing up never living
A 2ndhand city
Living like this forever
I'm small town dead!

(Ooooooh)

Oh no there we go like it never ended
Small town has left me dead
I can't stay for the blame and the broken hearted
With my back against the wall
Oh no here we go like it never ended
Small town has left me dead
I can't stay for the blame and the broken hearted
Small Town Dead!

Ooooooh, I'm small town dead
