Thank you for coming, please won't you come in  
You look so beautiful  
I am the same man, I haven't changed much  
I'm still, in love with you

And when you first arrived  
I saw your tears begin to hide, but it's all right  
I'll hide them too  
And now I think it's time, say what we've always tried  
You need someone, I'll be someone to you

Cause I'm still standing here for us  
Still trying, don't give up  
You're everything that I can't stand to live without  
I'm still standing here for us  
Still trying, don't give up  
I'm nothing without you

I am the stranger  
You're like a poem that I've heard  
But don't understand  
Distance is thieving, don't want you believing  
that I don't love you the same

But when you first arrived I saw your tears begin to  
hide,  
But it's all right now

Cause I'm still standing here for us  
Still trying, don't give up  
You're everything that I can't stand to live without  
I'm still standing here for us  
Still trying, don't give up  
I'm nothing without you

It's like we fall and never land  
Did you come to kiss me for the last time  
To see what you'll find  
Whoa  
To give a hint to get an answer  
Well, here we are I'm looking at you

Someone who's so hard to lose

Cause I'm still standing here for us  
Still trying, don't give up  
You're everything that I can't stand to live without  
I'm still standing here for us  
Still trying, don't give up  
I'm nothing without you

I'm still standing here for us  
Trying, don't give up  
I'm nothing without you  
I'm nothing without you
