You would've liked it
you would've liked it
you would've loved to see this day
I wish you could be here
I wish you could hear this
you would've been beautiful today
Wait for the sun to rise
holding your body tight
watching the world begin to glow
I would invite you in
into a paradise
we could get lost inside our souls
You are an endless sea
you are a Christmas eve
just like that you had to go
you were a part of me
and now you're a memory
when I would have loved to watch us grow
You would've liked it
you would've liked it
you would've loved to see this day
I wish you could be here
I wish you could hear this
you would've been beautiful today

if it wasn't too late
I'd hold the sun in place
if it wasn't too late
I would hold you once again
Waiting to feel the breeze
sound of a thousand leaves
shaking us both from head to toe
under a canopy
sleeping inside the trees
beaches and bonfires and gold

holding a candle bright

trying to find a light
wishing that you would come find mine
into the silence
into a graveyard

holding the flowers of your life

you would've liked it
you would've liked it
you would've loved to see this day
I wish you could be here
I wish you could hear this
you would've been beautiful today

if it wasn't too late
id hold the sun in place
if it wasn't too late
Id hold you once again
Wait for the sun to rise
holding your body tight
watching the world begin to glow
I would invite you in
into a paradise
we could get lost inside our souls

You would've liked it
you would've liked it
you would've loved to see this day
I wish you could be here
I wish you could hear this
you would've been beautiful today
If it wasn't too late
id hold the sun in place
if it wasn't too late
id hold you once again
