"Good Day At The Races"

In my bedroom there are books on architecture
Bury myself in them listening to records
In the springtime I'll be graduated
Parents asking why I haven't started dating

Ooh ooh ooh ooh ooh ooh ooh ooh
Way down low but I got somebody to love

Mother took me to the daughter of a pastor
Hoping girls are gonna make my heart beat faster
Sundays dayjob passes talk about the weather
Then she took my hands said "I aint what you're after"

Ooh ooh ooh ooh ooh ooh ooh ooh
Way down low but I got somebody to love
Ooh ooh ooh ooh ooh ooh ooh ooh
Way down low but I got somebody to love

And mother cried, father took a long walk
Had to let his eyes remind he barely talks
And I am scared, scared of introductions
Scared of repercussions, and discussions in the dark
But you are strong, i turn you on and take it easy

ooh, all I got is gone
ooh, thank you for your song
Like a good day at the races make it right

Ooh ooh ooh ooh ooh ooh ooh ooh
Way down low but I got somebody to love

Ooh, I'm way down low
But I got somebody to
