Sixteen was all about the biggest egos and the loudest mouths.

But you didn't have to shout, boy I knew what you were all about.

We were such friends, but I can't deny I wanted more. That Saturday night I needed to show how I adore Bikini's and martini's and now we're literally mouth to mouth.

It wasn't until the sun rose, we both figured it out

Damn that Saturday night, first time I thought I might Be the girl to do you right. On that Saturday. Damn that Saturday night.

Eighteen without a doubt, was no time for me to fool around.

Gossip from cherry lips, sent us down here we were falling out

Called us just friends, but I know you wanted more - wanted more.

Boy I won't back down, cause risk can mean love and love means more

Bikini's and martini's and now we're literally mouth to mouth.

It wasn't until the weekend after once again we were making out

Damn that Saturday night, finally we got it right. Under the city lights, we kissed that Saturday. I miss that Saturday night.

I don't need a surfer boy, washboard abs won't do my laundry.

I don't need a bad bad boy, I want someone nice and naughty

Every Saturday.

Damn that Saturday night, everybody was a sight.

We kissed every Saturday, sometimes we'd go all the way.

Damn those Saturday nights. [x2]

We get hot, we get tight...always on Saturday  
We get hot, we get tight...always on Saturday...night.
