Do you look forward to me coming home?
Do I make it better?
I know when I'm travelling on the bus think of you
sweet like dinner
I don't mind all those dopey looks we get cos we stay
together

And everybody seems to think there's so much to see,
but I think those same people must be jealous of me

Cos if I'm stuck
then at least I'm stuck with you
(don't you know, don't you know)
That if you're holding on to me
then you beta you it through
(cos you know, cos you know)

All of my friends tryna where me down
But they're just plain vanilla
You know that I almost bowed in for once
but that was gone and finished
And I don't see you
like they see their men
They only see saints or sinners

And everybody seems to think its from duty free, but

you can keep your freedom
cos I got what I need

Cos if I'm stuck

then at least I'm stuck with you
(don't you know, don't you know)
That if you're holding on to me
then you beta you it through
(cos you know, cos you know)

Wooo

You should know I think about it
Hear me out before you doubt it

Ain't ya get your book of rules
But I'm still more free then you
When ya gonna open up and see
yeh, yeeeeeehh
If I'm stuck with you
yeeh, ohh

Cos if I'm stuck
then at least I'm stuck with you
(don't you know, don't you know)
That if you're holding on to me
then you beta you it through
(cos you know, cos you know) x2
