I don't care what they say I'm in the... rappers of all
time
BIG, the homie big Al... Eminem, Rock... Minaj and Jay Z
Pull me on a track... you want a feature
Coming for the... and bread like little... and the queen
like Latifa
Holding it down in the law of my peoples
... creatures... my cousins got a...
Holding em down get em... from the fan
It's hard living this rap life but in the... is much worsen
Make you wanna go... and go and judge... living this
controversial
Life style rappers go do...
Is so cold more liquor, more... more hood, more...
The dollar sounds make you pop... all my niggas down
to...
The fine... , the fine... , the fine gangsta,
The fine p**sy, the fine rap, the fine paper...
Make u, money get high gangstas let's get money
like the Lakers
Make a shit switch up... in the papers
Leave me crispy... like my kicks... no favor to the old
G's
Gotta time for the... I had a ruff life called...
From the... in my mind... coffee like an east
Bringing back... going off the... threat.
