Girl it's Christmas,
Jingle bell rock, jingle bells ring and jingle bells sing
Girl I know what you want this Christmas
Bring your body a little closer, under this mistletoe
I wanna rip your clothes off
Make you illuminate like an ornament girl
It's time to celebrate, the one and only you
Ain't no question, you're a blessing,
Now undress about them Jimmy Chius

Be my, my, my, my, Christmas girl
Be my, my, my, my, Christmas girl
Be my, my, my, my, Christmas girl
Oh please

I'll be your Santa, give you what you want bad

But you've been bad,
Girl I want you right up on that reindeer, put your
ambitions in the sky
I make your dreams come alive
Girl I be captain save your love, girl when we making
love
I just wanna unwrap my presents, right now
Come make them sounds, jingle bells
Be my, Christmas girl
Be my, Christmas girl
I want you to be my, I want you to be my
Be my, Christmas girl
I want you to be my, I want you to be my
Be my, Christmas girl
Be my girl
I just wanna say Merry Christmas to you girl
To you girl.
