Can I talk to you?  
I think you need to hear what I've got to say  
So please listen

I've prayed for better days, days when you and I'd be  
closer  
My mind focused on treating you right and not  
searching for wrong  
But wrong love would be the final words and suffering  
draw the curtains  
And the show would last till life was gone  
And we'd exchange these simple words

I wanna open up to you and tell you what I've been  
through  
Want you to open up to me and share with me a dream  
I'm gonna live my life for you and make your dreams  
come true  
So I dedicate my all to you, listen

I pray that we don't change and get caught up in the  
current  
Of people who don't mean us well or wish us ending  
thoughts  
Living life in a big city and all of its distraction

Premiers, fake tears and falsely offer shoulders  
[Incomprehensible]

I wanna open up to you and tell you what I've been  
through  
Want you to open up to me and share with me a dream  
I'm gonna live my life for you and make your dreams  
come true  
So I dedicate my all to you, listen

At least solemnly swear to remain a pair  
With truth and honesty from me to you  
Leaving behind the liars and the fools

Lady, I promise I will always open up to you, ooh  
Oh yeah, can you feel it, baby? I can

Oh yeah, I like this, let me sing it for you

I wanna open up to you and tell you what I've been  
through

Want you to open up to me and share with me a dream

I'm gonna live my life for you and make your dreams  
come true

So I dedicate my all to you
