[Unverified], yeah you do it  
But I bet you don't know it, drop it

You excite me, yes you do, you excite me all the time  
You excite me everyday, you excite me baby, oh

Excite me, invite me to your house tonight  
Caress me, undress me then bless me tonight

If we take the time tonight to feel the pleasures  
All of your treasures, girl I'll hold you so strong  
A love to last forever, oh for so long, you and me

You excite me, yes you do, you excite me all the time  
You excite me everyday, you excite me baby, oh

It's secret pleasure, we've found the treasure  
We have no secrets tonight, just feel my power  
Feel it baby by the hour, check the clock  
Take a shower, you bring the soap, tonight

If we take the time tonight to feel the pleasures  
All of your treasures, girl I'll hold you so strong  
A love to last forever, oh for so long, you and me

Don't come too quick, you and me all night, yeah

You excite me, yes you do, you excite me all the time  
You excite me everyday, you excite me baby, oh

Just let me peep it, don't want to keep it  
Go slow, don't speed it tonight  
This set is hectic, just was I expected?  
Hold on and wreck it, wreck it tonight

How much? Oh boy, you and me all night  
Break it down, okay, you asked for it  
You got it, you excite me, you excite me  
We can go on and on
