I've been dreaming it's a summers day,
I kiss a boy, I'm making waves
I'm dreaming it's another year,
We're making love, we're making babes,
I know it can't be wrong,
To wish for everything you're running from,
I know that it's not bad to hope that I would never be
alone,

Cos I'm over it,
I'm over done,
I'm over run,
I'm ready now,
You can take me here or take me there,
Just take me now cos you're the one,
Cos you're on the run and it's just not fun,
cos then I'm not anywhere,
I'm over it

I've been thinking what to say,
I don't know how to make it go my way,
I know you're here but are you there?
And with me now not every other day,

I know that it's not wrong,
to give up everything and grab the sun ...
I know that it's not bad,
To wish for all those things I've never had.

Cos I'm over it,
I'm over done,
I'm over run,
I'm ready now,
You can take me here or take me there,
Just take me now cos you're the one,
Cos you're on the run and it's just not fun,
And then I'm not anywhere,
I'm over it,
Over it.

I've been thinking what to say,

I don't know how to make it go my way,

Cos we're, over it,
we're over done,
we're over run,
we're ready now,
Otherwise I'll be here and you'll be there,
we'll get nowhere so tell me now,
Cos you're on the run and it's just not fun,
Cos then I'm not anywhere,
I'm over it,
Over it.
