(Verse 1)

Sunshine washes over me but I still feel cold,
Is it because I stopped doing what I was told,
Everything I ever see is out of focus,
But what I want is crystal clear to me-

(Chorus)

All I wanna do is breakaway,
From this past that weighs me down,
Oh, One day I'm gonna spread my wings,
And take off from the ground,
I'll fly higher than the sky,
To the center of my own star,
And burn away all that I was,
Cause I'd rather be gone than cry-
I'll just have to try one last time-

(Verse 2)

Too many things,
Suffocating me slowly,
Trapped in an endless Ocean of emotions,

Where I'm about to drown,
Just as I reach the surface,
Something pulls me back down-

(Chorus)

(Verse 3)

Broken dreams,
Like broken glass,
Made of too many memories,
Promises not kept,
All the tears I've wept,
They play back like a sad song,
Going on and on and on-

(Chorus)

Someone save me from myself,
I've been calling out for help,
But no one ever seems to hear,

Everything I come near breaks,
And no one understands,
That's the reason why I'm so afraid to let go and
start over again-
