A second more will be end of me  
So how can I keep living the dream?  
I tried to run before I could walk  
And I try to shoot before I load the gun

Then barbed wire gag  
Wrenches me down  
Before I can confront my past

This is my lifeline

Will you (keep the promises)  
Still love me (long past the grave)  
If I let you die here in this city?

Are you not afraid?  
Guilty on judgement fuckin' day  
Has come and gone  
I tried to give you warning

The ground beneath our feet  
It couldn't take the weight  
Of sixty thousand years of blood soaked hate  
Where is your lifeline?

Will you (keep the promises)  
Still love me (long past the grave)  
If I let you die here in this city?

Don't speak  
The walls around here listen  
Just kiss me  
Before this hell becomes our home

I want  
I need to be born again  
Into this world

Will you (keep the promises)  
Still love me (long past the grave)  
If I let you die here in this city?

Don't speak or breathe a word  
The walls around here listen  
It's killing me to say...

Goodbye forever  
But I will be with you  
Until the day I die
