I have your good clothes in the car  
So cut your hair so no one knows  
I have your dreams and your teeth marks  
And all my fingernails are painted

I'm here to take you now  
You were right about the end  
It didn't make a difference  
Everything I can remember, I remember wrong

How can anybody know  
How they got to be this way?  
You must have known  
I'd do this someday

Break my arms around the one I love  
And be forgiven by the time my lover comes  
Break my arms around my love

Break my arms around the one I love  
And be forgiven by the time my lover comes  
Break my arms around my love

I don't have any questions  
I don't think it's gonna rain  
You were right about the end  
It didn't make a difference

I'm here to take you now  
Out among the missing sons and daughters of the  
Soho riots  
Out among the missing sons and daughters of the  
Soho riots  
I'm here to take you now

How can anybody know  
How they got to be this way?  
You must have known  
I'd do this someday

Break my arms around the one I love  
And be forgiven by the time my lover comes

Break my arms around my love

Break my arms around the one I love  
And be forgiven by the time my lover comes  
Break my arms around my love

Break my arms around the one I love
