

Abaddon

"Vile Pleasures Of Transfiguration"

Visit "[Vile Pleasures Of Transfiguration](#)" on MotoLyrics.com

Mortals die for search of knowledge

Ancient wisdom spell's of changing

Call on astaroth send to us messengers

Minions of unholyness join us with the nothingness

Behold Orgy Of Bestial frenzy

Destroy my mortal form with forbidden words I call you
forth

Transform servants to essence of Chaos

We all exist as one with new found pleasures

Flesh crawls taught grows mind goes to world beyond

Ecstasy transcend to death skin part shared It never
ends
