I never ever thought you'd would see me in a ..  
I didn't think you're here with everything so loud  
Here I am take believe me,  
do what I can, now you see me  
24 7 I can talk to talk so go back off the wall.

Chorus:

Walk into the fastlane  
got me movin me in the right way  
Got my .. my body to say  
No need no need to slow down, slow down,  
Slow down, slow down.

Intoxication ..spinnin' round and round and round  
White lights , big city, I'm hearing naked sounds  
Can't believe am I dreaming  
Pinch me please I must be sleeping

24 7 .. back off the wall.

2 x Chorus:

Walk into the fastlane  
got me movin me in the right way  
Got my .. my body to say  
No need no need to slow down, slow down,  
Slow down, slow down.

... I want to ..spinnin' round and round  
Not what I wanna be  
My head is in the clouds  
Not ..where I want to be spinnin' round and round  
Stop slow down now, stop slow.

[2 x Chorus:]

Slow down, slow down, slow down, slow down.
