"Wanted"

Visit "[Wanted](#)" on MotoLyrics.com

I wanna lie in my bed
And do nothin
I don't care what anyone says
I got you on my mind
Thinkin bout one thing
Gonna show you how I do it best

Put my lips on your mouth
Keep you comin around
Cuz I like it
Put your hands on my hips
Bring em down sink that ship
Boy I can't resist

I wanna wear my hair wild in a mess
Cutoff jeans
Can you get wit that?
Gimme somthin that I've never had
Cuz I only wanna be wanted by you
I wanna tease you 'till you're begging me
And you're on your knees
And it's hard to breathe
Every other time's just a memory
Cuz I only wanna be wanted by you!

Those other guys when they call
I might answer
But you're the one I'm thinkin bout
So baby don't dissapoint
Just pull faster
And show me what you're feelin now!

Put your lips on my mouth
Keep it comin around
Cuz I like it
Nothin's wrong
It's alright
You got permission from me tonight

So turn out the lights!

I wanna wear my hair wild in a mess
Cutoff jeans
Can you get wit that?
Gimme somthin that I've never had
Cuz I only wanna be wanted by you
I wanna tease you 'till you're begging me
And you're on your knees
And it's hard to breathe
Every other time's just a memory
Cuz I only wanna be wanted by you!

Now I'm going crazy
I'm tired of waitin
My lips are on fire
I just want you to know
I'm losin my patience
For the time that you've wasted

Put your lips on my mouth
Put your lips on my mouth
Put your lips on my...

I wanna wear my hair wild in a mess
Cutoff jeans
Can you get wit that?
Gimme somthin that I've never had
Cuz I only wanna be wanted by you
I wanna tease you 'till you're begging me
And you're on your knees
And it's hard to breathe
Every other time's just a memory
Cuz I only wanna be wanted by you!

I wanna wear my hair wild in a mess
Cut off jeans
Can you get wit that?
Gimme somthin that I've never had
Cuz I only wanna be wanted by you
I wanna tease you till you're begging me
And you're on your knees
And it's hard to breathe
Every other time's just a memory
Cuz I only wanna be wanted by you!
