It says the more about you than anybody else  
Disgraceful language huh, keep it for yourself  
On the train in the ... when you're all before  
Save your ... for when you're home alone

I'm spilling my heart out, ... I'm spilling my heart out  
cause I'm know you don't hear me,  
you don't know your own, hear it in this song  
... when the ... about, they can hear a story not a ...  
so watch it yourself ... stereotype, ... let's be polite  
so watch it yourself ... what I'm talk about, ... confused  
don't go down

too much  
so watch it yourself something about your mental  
health you need help  
so watch yourself, ... to do it any situation  
whatever opinion don't try makin' my opinion  
cause when i hear somebody chatting all that bullshit  
i wanna take them back to basics

I'm spilling my heart out, ... I'm spilling my heart out  
cause I'm know you don't hear me,  
you don't know your own, hear it in this song

... when the ... about, they can hear a story not a ...  
so watch it yourself ... stereotype, ... come just say be  
polite

so watch it yourself ... what I'm talk about, ... confused  
don't go down

too much  
so watch it yourself something about your mental  
health you need help  
so watch yourself, you better watch yourself, you better  
watch yourself  
you better watch yourself, you better watch yourself  
you better watch yourself, you better watch yourself  
you better watch yourself, you better watch yourself

I'm spilling my heart out, ... I'm spilling my heart out

cause I'm know you don't hear me,  
you don't know your own, hear it in this song  
... when the ... about, they can hear a story not a ...  
so watch it yourself ... stereotype, ... come just say be  
polite  
so watch it yourself ... what I'm talk about, ... confused  
don't go down

too much  
so watch it yourself something about your mental  
health you need help  
so watch yourself, you better watch yourself, you better  
watch yourself  
you better watch yourself, you better watch yourself.
