Yellow diamonds in the light
And we're standing side
by side
As your shadow crosses mine
What it takes to come alive
Because the way I'm feeling I just can't
deny
But I gotta let it go
We found love in a
hopeless place
We found love in a hopeless
place
We found love in a hopeless place
We found
love in a hopeless place
X 2
Shine a light through
an open door
Love and life I will divide
Turn away
cause I need you more
Feel the heartbeat in my
mind
It's the way I'm feeling I just can't
deny
But I gotta let it go
We found love in a
hopeless place
We found love in a hopeless
place
We found love in a hopeless place
We found
love
We found, we found, we
found
Yellow diamonds in the
light
And we're standing side by side
As your
shadow crosses mine
What it takes to come alive
because the way I'm feeling I just can't deny
But I
gotta let it go
We found love in a hopeless
place
We found love in a hopeless place
We found
love in a hopeless place
We found love in a hopeless
place
