Waking up every mornig join the happy day
Keep walking on with smile on your face, baby don't
complain
The world is waiting for you, with all of it's grace
So why don't you show them that the world is a happy
place
Why don't you believe that you can
Say it proudly, that you're a joyfull men
The power of your smile can heal everything

So everybody sing in the name of a happy day!

I'm loving my life I'm doing allright,
If something is wrong with it, I'm ready to fight for it
U la la la la lala la la la la x2

I know it's not perfect all day,
Even if the boat that your on is drawing,
Even if you really want to run away
Baby just stay, baby just hear me say:
Love... joy... smile that's all you neeeeed!
Celebrate the gift of life, be the one to make people
smile,
Make the world a better place, spread your wings and
fly away!

I'm loving my life, I'm doing allright
If something is wrong with it, I'm ready to fight for it
U la la la la lala la la la la x2
