

Alyshen "Made Me Cry"

Visit "[Made Me Cry](#)" on MotoLyrics.com

Sun is shining and makes me high
I live passing shadows all my life
I imagine simple life
Good life with the one I even die
In the end of our times

Chorus:

Something made me cry today
Someone made me cry tonight
Somehow feeling called love is grey
Even somehow the night is white
Something made me cry today
Someone made me cry tonight
Sun is on my side, but love is grey
Night was white, but it made me cry

Love is blind and nature is so wild
I imagine island life
There are waterfalls and jungle rights
Where the sand burns my soles, but I
Still admit, that I'm blind

Bridge:

Without you I always try
Not to cry all over sleepless nights
Please, protect me from the times
When the loneliness made me cry
