You are the reason to believe
I've made a picture of your dream
Last night I heard your whispering
And now I'm playing symphony

Chorus:

Cause' baby u,
You are the one to trust your time
Cause' baby u,
You are the one to love me for a while

Baby you, you are the one to hold me, hold me tight
You, you are the one who knows the way I feel tonight

If you could touch me like you did
And every moment let it be
Sometimes I feel so incomplete
Without your voice surrounding me
