(I wanna get next to you x3)  
Sun shines when I see your face.  
But all falls down and you walk away.  
Your smile every time of day makes everything better.  
When I c u gets hard to breath  
And weird feelings come over me.  
My heart always skips a beat  
You make me feel special.  
And every time I need someone to talk to  
I think about us and want some special time with you  
Cuz even if the stars refuse to shine  
Even if the sun ran outta light  
I know one thing for me to do, boy, I'd wanna get next  
to you  
Even if nothing goes right,  
Even if the world ran outta time  
I'd still be right by your side, boy, I'd wanna get next to  
you.  
(I'd wanna get next to you x3)  
I'd wanna get next to you (oh)  
The way you talk makes me smile  
We hold hands and we talk a while  
With you I feel like a child  
There's just something about (bout you)  
There's something 'bout my entire life  
That makes everything feel right  
Around you I don't have to try, to be someone I'm not  
When we're together I know I can let go  
I'm not feeling so afraid and I just want you to know  
Even if the stars refuse to shine  
Even if the sun ran outta light  
I know one thing for me to do, boy, I'd wanna get next  
to you  
Even if nothing goes right,  
Even if the world ran outta time  
I'd still be right by your side, boy, I'd wanna get next to  
you.  
It feels like a rainy day when your away  
When your away you make me crazy  
Can't help but love the way the way you say my name  
The way you say my name I know (oh)

Even if, nothing goes right  
Even if the world ran outta time  
I'd still be right by your side, boy, I'd wanna get next to  
you
