I wrote a story I can sleep with
Sometimes at night I like to read it
Half of the time I might believe it
But its really all for me
Im putting confidence in hearsay
Im givin' circumstances its trophies
Im writin' a script where she is always
The perfect one for me
The perfect one for me, oh

(Chorus)

And oh, the saints we create when we are feeling all
alone
Cause you need something
And oh, the lovers who fake the tale are made to keep
us warm
Cause we need something
mmmm

Im getting caught up in the moment oh
Im using her beauty as an omen
She is the one my soul's been calling
And its really all for me
Its really all for me

(Chorus)

It goes we keep pushing, on our hearts, keep
pushing, on our hearts
Tryin' to feel like we're in love
Keep pushing, on our hearts, keep pushing on our
hearts
It goes we keep pushing, on our hearts,
Keep pushing, on our hearts
Tryin' to feel like were in love
Keep pushin on our hearts, keep pushing on our hearts

And i know
There is more to this
Than eyes closed and a slow romantic kiss
And we've shown, that we are bound to drift
We are searching for an anchor,

Cause the most of us are anchor-less

(Chorus)
