I've got
something to say to you
but I don't know
how to say it
I saw you out with someone new
and I just want
to know my place
and I've been walking down
this road
tell me I'm not going off alone

Cuz I just wanna know
can I be the only one
I lose myself and my heart
skips a beat
every time you're standing next to me
I'm falling faster and I
hope you'll be there to catch me

Another day without a word
and I know you've got your
reasons
how I wish I was the lucky
one who would be
your alibi
and I'm still
walking always wondering
tell me I'm not going off alone

Cuz I just wanna know
can I be the only one
I lose myself and my heart
skips a beat
every time you're standing next to me
I'm falling faster and I
hope you'll be there to catch me

I hold my breath
and I can't hardly speak
every time
you're next to me
falling faster

And I hope you'll be there to catch me
I tell myself
this is no mistake
tell the truth end my suffering

Cuz I can't believe I'm falling
I lose myself and my heart
skips a beat
every time you're standing next to me
I'm falling faster
and I hope you'll be there to catch me

I hold my breath
and I can't hardly speak
every time
you're next to me
falling faster
and I hope you'll be there to catch me

I lose myself and my heart
skips a beat
I lose myself and my heart
skips a beat

Tell me
you'll be there to catch me
