River of Life

If you can hear me up there
You know so many things have happened
Since the day all of us said goodbye
If you can see me up there
You know your loss left a gap and
There are still some of us wondering why

Will you still take me fishing
When I meet you in heaven?
Can we finish the tree house
When I meet you in heaven?

Oh, there's a river of life
That flows through my soul
Make it through pain and strife
And it'll make you whole
So I'll keep treading water
Until it's my time to go

If you've been listening up there
I hope you heard her singing
That day we all walked across the floor
If you've been looking up there

I hope you saw us all bringing
Those little blue flowers to your door

Will you take me to the Station
When I see you in heaven?
Can we play a game of hold 'em
When I see you in heaven?

Washing in the river
And eating chicken gizzards
And playing rounds of golf in the sun
Traveling across the world
And talking about the girls
Well believe it or not I got a beautiful one
Teaching me to sing
And putting up the swing
There was never a day I'll forget

Now you're up above
But I still can feel your love
And now more than ever
I'm ready to get wet
