### "Hungry For Love"

Tossin' and turnin'  
There's a fever so deep inside

The fever is burnin' and I'm lying awake at night.  
How I want you to kiss  
Want your body to move

And I want you to touch  
Gonna break every rule.

It can't be wrong to be in love

It can't be wrong  
So don't say no.  
I have been waiting for so long  
So can't we do it now.

Hungry for love  
Voulez-vous coucher avec moi

In the heat of the night

Hungry for love  
Voulez-vous coucher avec moi

Won't you stay by my side?

Tell me that I am just your lovin' man

'Cause all I want is you.  
Would you like to spend the night with me?  
Tell me that you do  
'cause I'm hungry for love.

Over and over my emotions are runnin' wild

Make me your lover  
Let me take you back home tonight.  
How I want you to kiss  
Want your body to move

And I want you to touch  
Gonna break every rule.

I can imagine how it feels  
And we are lying skin to skin

Heaven is just one word away  
So can't we do it now?

Hungry for love  
Voulez-vous coucher avec moi
