We walked through the dark.
You'll know we'll land.
I was sure that we belong together.
And I always thought there'll be no end.
And a love like ours would last forever.

Oh baby out of the blue.
In your eyes I found your heart was lying.
So why did love that was true.
Fade away when feelings started dying.
Out of the blue.

I can hear the thunder and the rain.
Running through my veins when I am with you.
And I feel my feelings going insane.
Just a think that someone else might kiss you.

Oh baby out of the blue.
In your eyes I found your heart was lying.
So why did love that was true.
Fade away when feelings started dying.
Out of the blue.
