Will I ever be the only one
Be enough for anyone
Wish I knew what I was looking for

Will I ache until it breaks
My heart's completely lost its shape
Barely breathing I can't take much part
Soul-mate find me

Will I ever be the only one for anyone?
Will I ever see the stars behind the clouds?
Will I ever paint the color of true happiness?
Will I ever be the only one... for anyone?
Is there anyone for me?

Will I be somebody's everything
Black or white not in between
Trusting my guide to lead me through this dance

Just some things I can't control
Destiny it's your role
One more bitter and old sweet romance, yeah
Soul-mate, find me

Will I ever be the only one for anyone?
Will I ever see the stars behind the clouds?
Will I ever paint the color of true happiness?
Will I ever be the only one... for anyone?
Is there anyone, anyone for me?

Someone to break this pattern
It's about time
Logic is useless
There's no reason or right
Someone to love

Will I ever be the only one for anyone?
Will I ever see the stars behind the clouds?
Will I ever paint the color of true happiness?
Love someone I'm ready to get found
Will I ever be the only one, tell me is someone for

everyone?

Will I ever be the only one... for anyone?

Is there anyone, anyone for me?
