(Verse 1)

Here we stand
At the end
You and I out on the battlefield
Shut your words
Like a gun
And it hurts like hell but I can deal
Yeah

(B-sec)

'Cause I don't need you to want me
I've got my pride

(Chorus)

I'll survive you
Even with all these wounds
I'm alright
I'll undo all of the damage you've done to my life
That's right
Your not gonna see me cry
This time I'll survive you

(Verse 2)

I'll get up
8 a.m.
Every day just like any other day
Won't erase
Who I am
Did your best to try but I'm the same
Yeah

(B-sec)

So if you want me to need you
You'll be surprised

(Chorus)

I'll survive you
Even with all these wounds
I'm alright
I'll undo all of the damage you've done to my life
That's right

Your not gonna see me cry
This time I'll survive you

(Bridge)

'Cause over and over again
You said you were locked in a cage
But I was the one with the chains
Now I'm raising my flag once again

(Chorus)

I'll survive you
Even with all these wounds
I'm alright
I'll undo all of the damage you've done to my life
That's right
Your not gonna see me cry
This time I'll survive you

I'll survive you
I'll survive you
