Well these mountains I'm climbing
One step at a time
And keep on getting more steeper
Valley's getting deeper
I'm not sure how much further
I've got 'til it's over
I keep looking for a short cut
Stressed out and getting worked up

But you told me to be still
Know this is your will

Goodness gracious
I'm so anxious
How much longer can I take this?
What happened to all my patience?
Where did it go?

I'm gonna hold on
Keep on waiting
Keep the blank from dissipating
Keep these hopes and dreams from fading
Oh oh uh oh

Well I'm tired of all these questions
Keep on second guessing
I've been taught the lesson
It's not getting through

I've felt so much pressure
That I can't even measure
But I've become lesser
That's when you come through

But you told me to be still
Know this is your will

Goodness gracious
I'm so anxious
How much longer can I take this?
What happened to all my patience?

Where did it go?

I'm gonna hold on
Keep on waiting
Keep the hope from dissipating
Keep these hopes and dreams from fading
Oh oh uh oh

Do not be anxious and do not be afraid
But be strong and courageous instead
Be patient in affliction faithful in prayer
Because our God is with us
He will deliver
He is mighty to save

Goodness gracious
I'm so anxious
How much longer can I take this?
What happened to all my patience?
Where did it go?

I'm gonna hold on
Keep on waiting
Keep the hope from dissipating
Keep these hopes and dreams from fading
Oh oh uh oh
