I, I will be king.
and you, you will be queen.

no nothing, will drive them away(hey)
we can be them just for one day,
we can be hero's just for one day.
we can be hero's, we can be hero's

I, I wish i could swim. like the dolphins, like dolphins
can swim
though nothing, nothing can keep us together.
oh we could be hero's just for one day.
we can be hero's, we can be hero's

I, I can remember (i can remember)

standing...by the wall (by the wall)
and the guns...shot above our heads.
we can be hero's, just for one day.
we can be hero's, we can be hero's (hey)
(hero)
we can be hero's, we can be hero's
(hero)
we can be hero's, we can be hero's
we can be hero's, we can be hero's

we can be hero's, we can be hero's
we can be hero's, we can be hero's
just for one day. we could be hero's,
we could be hero's. just for one day
