When it rains it pours leaks through the doors raises up
the floor boards
So you build your boat with whatever floats
They tied the kings down do you let them drown?
Cause if god's who they say he is, they'll come around,
come around

Chorus:

Oh if it is

Oh if it is

The way that it is

If it is what it is, is what it is

When the world quakes our religion shakes
Start seeing through cause the moon it's out of phase
When you've got your ego on and your never wrong
If I knock you down would you even come around,
come around?

Chorus:

Oh if it is

Oh if it is

The way that it is

If it is what it is, is what it is

So can you say what you say but it never is
Cause you can say what you say but one can never win
Mine over yours and yours over his
Cause if it is what it is then they'll come around, come
around

Chorus:

Oh if it is

Oh if it is

The way that it is

If it is what it is, is what it is

If this,

If it is

The way that it is

Oh if it is what it is, is what it is
