papa's in the parlor
with baby on his knee
mama's in the kitchen
with dishes in the sink
the radio's loud
the radio's clear
everything's gone
but we're all still here

market in the morning
stay home at night
keep your head down
keep your mouth shut tight
cause the radio's loud
the radio's clear
everything's gone
but we're all still here

there's no way out
there's no way out
there's no way out
from here

take the last train
from the last train station

meet me at the harbor
where i'll be waitin'
cause the radio's loud
the radio's clear
everything's gone
but we're all still here

there's no way out
there's no way out
there's no way out
from here

and the radio's loud
the radio's clear
someone's screaming
all the world can hear

so blind your eyes
deafen your ears
everything's gone
but we're all still here

there's no way out
there's no way out
there's no way out
from here
