You and I  
Felt so good to begin with didn't we?  
Well now it seems there's far too many adverts in between  
And we don't speak  
So we're left in constant silence  
It's haunting me  
So I'm ready now to fight this

You have the shield  
I'll take the sword  
I no longer love you  
No longer love you  
I'm not afraid of danger in the dark  
I no longer love you  
No longer love you

You and I aren't working  
Burning on the bridges now  
We're trapped inside  
Screaming won't somebody get me out

You have the shield  
I'll take the sword  
I no longer love you  
No longer love you  
I'm not afraid of danger in the dark  
I no longer love you  
No longer love you

I no longer love you  
No longer love you  
No longer love you  
No longer love you

And we don't speak  
So we're left in constant silence  
And it's haunting me  
So I'm ready now to fight this

You have the shield  
I'll take the sword  
I no longer love you  
No longer love you  
I'm not afraid of danger in the dark  
I no longer love you

No longer love you  
[x2]

You and I  
Felt so good to begin with didn't we?  
But now it seems these shields and swords are haunting me
