I'm in love with that pussy (yeah, yeah)
I'm in love with that pussy (yeah, yeah)
I'm in love with that pussy
Okay that pussy good (who)
That pussy fat (who), that pussy wet (who)
I'm in love with that pussy
That pussy tight (who), that pussy fresh (who)
I'm coming back (who)
I'm in love with that pussy
Okay the lady bad (she bad)
Say she got a man (she do)
Shorty I don't give a fuck,,,
I'm done no time especially when she hit me up
Bring my jackhammer and shove it, diggin' in her
guts
First day she give it up call it beginner's luck
That pretty bitch I call her life, I guarantee she sucks
Moet out the bottle, why she need a cup?
You need mental help if you expectin' me to cuff
Or me to care, bitch I don't believe in love
The reflections in the mirror's only thing I trust
You bring that girl with you I bet she leave with us
She gon' wind up on her back, she better not even
blush
I'm in love with that pussy (yeah, yeah)
I'm in love with that pussy (yeah, yeah)
I'm in love with that pussy
Okay that pussy good (who)
That pussy fat (who), that pussy wet (who)
I'm in love with that pussy
That pussy tight (who), that pussy fresh (who)
I'm coming back (who)
I'm in love with that pussy (2 Chainzzzzzzzz!!!!!!)
Rough sex, I'm talkin' carpet burn
Mess her hair up and I make that hoe go cop a perm
Copperfield I make them panties disappear
Abracadabra they end up on the chandelier
I drive her ass crazy, no power steering
Then I hit her with that tool, power drilling
Got 2Chainz in the building (2Chainz)
And if I stand on my wallet I'll be on the ceiling
Big money talk, I hope yo mail straight

Youâ€™re just a little nigga, hell date
Pocketâ€™s on subway because my breadâ€™s
straight
And all I do is kill pussy call me dead weight
Iâ€™m in love with that pussy (yeah, yeah)
Iâ€™m in love with that pussy (yeah, yeah)
Iâ€™m in love with that pussy
Okay that pussy good (who)
That pussy fat (who), that pussy wet (who)
Iâ€™m in love with that pussy
That pussy tight (who), that pussy fresh (who)
Iâ€™m coming back (who)
Iâ€™m in love with that pussy
Had to take a minute
Before I let her fall asleep Iâ€™m jumpinâ€™ back up
in it
They ask me what my drug, I tell them ass and titties
Iâ€™m a dog, I'm attracted to the fattest kitten
I hope itâ€™s clean, not tryna catch the clinic
Thanks to Eazy-E and Magic learned to pack a jimmy
Iâ€™m in love with making love to the baddest women
And if thatâ€™s a crime, Iâ€™m facing the life
sentence
I get your girl undressed with the right sentence
And I let her ride me longer than the flight to Venice
All about the green, all she like is spinach
But Iâ€™d give all my green away before I let her
spend shit (Notch!!)
Iâ€™m in love with that pussy (yeah, yeah)
Iâ€™m in love with that pussy (yeah, yeah)
Iâ€™m in love with that pussy
Okay that pussy good (who)
That pussy fat (who), that pussy wet (who)
Iâ€™m in love with that pussy
That pussy tight (who), that pussy fresh (who)
Iâ€™m coming back (who)
Iâ€™m in love with that pussy
